Civilian Career Opportunity

Position Title: Technology Systems Developer (Temporary Position)
Location: 5700 Valley Way, Niagara Falls
Association: Niagara Regional Police Association
Position # applied for: C03/2021
Position title applied for: Technology Systems Developer
Posting Date: September 3, 2021
Closing Date: October 3, 2021

Position Summary:

The Technology Systems Developer is responsible for systems design, development, adhoc reporting and programming. This position is also responsible for maintaining internal operations applications, databases, and servers (CAD/MDT/RMS/CPIC/eJust/IntelliBook).

Job Specifications:

- University Degree in a computer-related discipline or three (3) year Community College course in Computer Systems Analysis and Programming Development.
- Four (4) years' experience in systems analysis and specialty application maintenance.
- Strong working knowledge of SQL Transact/Informix. Linux/Unix certifications are an asset.
- Experience with XML/XSL, Microsoft .NET Framework, ETL tools and techniques, FourJs developer's toolkit.
- Experience with converting legacy applications using latest technology.
- Capable of working independently, relying on technical specifications as instruction.
- Analytical and creative while applying strict attention to detail
- Must have working knowledge of transaction driven on-line systems operating in multiuser environment.

Major Responsibilities:

- Prepare detailed systems analysis including the necessary testing, coding-documenting, and implementation.
- Develop application interfaces, enhancements, failure analysis and project schedule analysis to existing programs.
- Develop and code application programs.
- Update/modify and repair existing programs and/or applications.
- Configure and install operational applications.
- Develop methods and procedure manuals for system implementation and operation.
- Provide ongoing technical and procedural support to ensure that all NRPS operational applications function accordingly.
- Participate in Project Initiation meetings and proactively identify risks in development of new programs.
- Provide primary technical support for the operational applications that the IT Unit supports.

- Ensure the programs and processes developed have successfully met the system requirements and specifications.
- Provide technical training and assistance to other members of IT.
- Acts as technical liaison with vendors and outside agencies.
- Other duties as assigned.

This is a temporary full-time opportunity with the Service with an annual salary starting at $81,052.66.

How to Apply:

Qualified applicants are invited to submit a resume and cover letter via https://niagarapolice.formbuilder.ca/Human-Resources/Civilian-Application-Form

We thank all applicants in advance for their interest. Only those candidates selected to proceed in the process will be contacted.
