NRP COMMUNICATIONS

About Us

Call Takers respond to emergency 9-1-1 and non-emergency calls for assistance and information via the telephone or other mandated communication medium.

They provide timely service, being a critical first contact between the public and emergency services which includes police, fire or medical intervention.

Call Takers assess, prioritize and input critical information into the computer aided dispatch program and transfer calls to appropriate emergency response agencies as required.

Call Takers must remain calm, composed and be able to take control of a situation that may be chaotic, heart-wrenching, stressful, and confusing.

They are the **vital link** in keeping the residents of Niagara safe.
